

**Premium staple food for professional feeding of algae-eating aquarium fish in fresh and salt water.**

- Suitable for fish from all water zones.
- Readily accepted due to the ideal combination of raw vegetable ingredients with selected animal ingredients (2% shrimp).
- Sustained brilliant colouration from 40% spirulina algae.

**Recommended feeding:** Feed the fish once or twice a day with only as much food as the fish can consume within a few minutes. Young fish should be fed 3 – 4 times a day in the same manner.

**Ingredients:** algae, cereals, vegetable by-products, fish and fish by-products, molluscs and crustaceans, vegetable protein extracts, vegetables, yeast.

**Staple food for aquarium fish.**

**Additives:** antioxidant E306 (natural vitamin E extracts).
